15th Biennial Conference of Big Ten Women's Organizations

Cultivating Winning Strategies

June 7 – 9, 2013 with The Illinois Club

Saturday Afternoon Options

Tour #1 – Technology Tour

Blue Waters & Beckman Institute for Advanced Science and Technology

See Blue Waters, one of the world's most powerful supercomputers, which is used in a range of real-world science and engineering applications. After a presentation on its size and how it's used in scientific research, a visit to the room with the computers will be on tap. The second half of the tour entails traveling to the north side of the campus to visit Beckman Institute. Among its amazing facilities are the Biomedical Imaging Center (MRI, diffuse optical, and molecular imaging labs), the Microscopy Suite (microscopes including ESEM, TEM, AFM, confocal Raman imaging system, and micro and nano computed tomography), and the Visualization Lab (computers, cameras, 3-D scanner).

Tour #2 – Arts Tour

Spurlock Museum & Krannert Center for the Performing Arts

Home to nearly 45,000 objects in its collections, at Spurlock there will be a short presentation on the Egyptian mummy, and then you are free to explore the six galleries on your own. Special exhibits now showing are From Peace to Protest and Unconventional Bond: The Strange Life of Casino Royale on Film. Next door to Spurlock is the Krannert Center for Performing Arts. With six stages available for performances, this premier facility is a gem on campus, and a draw for artists wishing to record in it due to its amazing acoustics. You will be able to go backstage and behind the scenes, as well as see the theaters.

Tour #3 – Garden Tour

Arboretum

The 160 acre Arboretum on the south campus is full of treasures. Among the many gardens are the Miles C. Hartley Selection Gardens (All American Selections Trial Garden), Noel Welcome Garden, Hosta Garden, Sen Cherry Tree Allee, Japan House Gardens (Tea, Dry and Strolling Gardens) and the Master Gardener's Idea Garden which is full of local gardeners' favorite plants and fun gardening touches.

Tour #4 – Free Time

On Your Own

The I Hotel offers a shuttle to any place on campus, so you may choose to explore Illinois on your own. The Krannert Art Museum is nearby as are other museums, exhibits, outdoor sculptures, amazing architecture and more. Or, perhaps you would like to kick back, relax, and luxuriate in the Spa at the I with a hot stone, Swedish, or deep tissue massage. Ah, the possibilities!
